MIIA Risk Management Training

Workplace Safety

ON-SITE TRAINING

Hazwoper Training
5 - Day Training

Course Outline

(101) 40 Hour HAZWOPER
The course responds to the OSHA 1910.120 requirements for 40-hour health and safety training of workers employed at abandoned waste sites. Topics covered include hazard recognition, physical and chemical properties of hazardous materials, safety basic toxicology, decontamination procedures and practices, sampling, monitoring, drum handling, introduction to chemical protective clothing, respiratory protection, site safety plans, and rights and responsibilities under the law. Instruction involves hands-on sessions and simulations of field operations.
