8:00 a.m.- 4:00 p.m.
Westover Air Reserve Base, 57
Patriot Avenue, Chicopee, MA 01022

Lunch provided.
Choose your preferred date
November 5, 2025
November 6, 2025

This full-day program allows police officers to hone their driving skills using their own cruisers, guided by MIIA's certified instructors. It includes 2-3 hours of classroom instruction on emergency response, vehicle maintenance, and on-scene risk management. Hands-on courses are designed to improve skills in backing, longitude, lateral weight transfers, ABS braking, and understanding stability and traction control. The afternoon skill test helps officers understand that slower driving has minimal time differences compared to aggressive driving.

Requirements: You must provide your own cruiser for this training. Valid Police ID must be presented for ALL officers. Only registered attendees will be permitted into the course. This program will be conducted regardless of the weather. Please note this training is also open to Fire Departments (SUV/CAR ONLY). Anyone who drives an SUV or car to an emergency call should attend this EVOC Training.

Registration online:
Go to emiia.org and click on the Training Link. This will take you to the MIIA Training Calendar. Select the month and date of your course and click on the date desired. Fill out the online registration form, then click Register. You will receive an automatic email acknowledgment through the system. If you have any difficulty with this process please **contact us.** We will make every effort to accommodate your participants.
THE DEADLINE FOR REGISTRATION IS October 29th.
We look forward to your department's participation in the program.
