

OSHA Certificate Program

OSHA# 7400 Noise Hazards & Hearing Protection
in Construction and General Industry

Virtual Training
Tuesday, December 14, 2021
8:00 a.m. - 2:30 p.m.
Mandatory Orientation at 7:30 a.m.

This training requires all participants to remain on camera the entire time.

COURSE DESCRIPTION

In this course, we present OSHA's noise standards, properties of sound, noise-induced hearing loss, noise exposure control, selection and use of hearing protection, concepts of conducting sound level surveys, and worker training. An effective written hearing protection program includes policies and procedures which the course participant will become familiar. Also covered are basic physics of sound and vibration, anatomy and physiology of the ear and the hearing process, effects of noise on hearing, monitoring, noise control engineering, selection and demonstration of hearing protective devices, and the role of audiometric testing. At the conclusion of the course, the participant will understand properties of sound and its relationship to noise-induced hearing loss, hearing loss prevention, hearing protection policies.

Who should attend: Safety Officers, Town Managers, and Department Heads or individuals designated with the responsibility to develop and maintain a safety and health program or system. This training is suitable for safety leaders, committee members, HR, and safety professionals responsible for improving the safety and health culture and best practices in their workplace.

Attendance at this seminar qualifies the MIIA member for 1% credit under the FY22 MIIA Rewards Workers' Compensation category.

Presenter

Lev Pobirsky is the Senior Director- Safety & Security for Pepsi-Cola National Brand Beverages. In his role, he provides safety security, and risk leadership to over 8,500 employees at over 40 manufacturing facilities, warehouses, and transportation depots across the United States. He is a certified OSHA General Industry & Construction outreach trainer and a Certified Health and Safety Manager, and a Certified Safety Professional.

Prior to corporate life, Mr. Pobirsky served as an Infantry & Special Operations Officer in the United States Marine Corps, attaining the rank of Captain. He has worked and trained with various federal agencies on the topic of workplace violence and active shooter response.

Attendance at this seminar qualifies the MIIA member for 1% credit under the FY22 MIIA Rewards Workers' Compensation category.
