

MIIA Agility Program

Storm Season, Continuity of Operations; Preparation and Recovery

Wednesday, August 30, 2023
10:00 a.m.- 11:00 a.m
(virtual)

[Register here for this important webinar](#)

With severe weather on the rise and hurricane season ramping up to full swing this fall, It's critical to understand the risks your municipalities' business faces and the impacts these hazards can have on infrastructure, employee safety, and business continuity.

Our partner **Agility Recovery** will discuss how you may be impacted by severe weather and the business continuity solutions they offer our members for use. Attendees will learn about the greatest threats in the New England region as well as strategies you can implement today to reduce your organization's vulnerability to severe summer weather and disasters.

The webinar will also cover how to access the **MIIA Agility Program for disaster recovery offering for Backup Power, Workspace Recovery, Technology, and Communications. The costs associated and how your municipality can implement and best use it.**

The webinar will be conducted by Agility's **Mark Norton**, accompanied by **Senior Account Manager, Rob Sarno**.

About the Presenter

Mark Norton, CBCP is an award-winning recovery professional with more than a decade of experience developing business continuity solutions for critical service providers, including financial institutions. As the Sales Enablement Manager at Agility Recovery, Mark leads his team in identifying unique industry needs to provide banks and credit unions with comprehensive recovery solutions that ensure branches have the resources needed to quickly resume operations following any type of interruption.
