To Register:

Go to www.emiia.org and click on "Training Calendar"

DOT covered employees are prohibited from using certain drugs on or off duty. In addition, there are strict rules governing employees' use of alcohol prior to and during work hours. Participants in this training will learn about specific rules that apply to their positions, as well as the effects of substance abuse in the workplace. Using case studies, participants are able to put themselves in their supervisor's shoes to determine how to apply the DOT "Reasonable Suspicion" regulations.

Presented by your Employee Assistance Program, offered through AllOne Health
