

ELECTRICAL HAZARD AWARENESS TRAINING FOR TREE CREWS AND MUNICIPAL WORKERS

Thursday, April 18, 2019
Wilmington Police Station
1 Adelaide Street, Wilmington, MA. 01887
7:15 a.m.- 11:15 a.m.
(Registration and breakfast 7:00 a.m.)

PLEASE NOTE:

Parking is along the diagonal stalls in Adelaide Street, not in the parking lot.

Due to the potential of electrical contact with overhead and underground energized power lines and equipment resulting in serious injury and fatalities, arborists in the urban environment need to be well informed about the dangers of working in this environment. In this training participants will learn how to avoid deadly encounters and decrease lost production time, downed or damaged equipment and lawsuits and fines. This course meets the requirements of OSHA 1910.331, 1910.269, ANSI Z133 and is in compliance with ANSI Z490- Accepted Practices in Safety, Health and Environmental Training.

This course will cover the following topics:

OSHA / ANSI / Standards and Regulations
First Aid and CPR (review)
Electrical Theory
Grounding
Electrical Accidents
Dielectric Tools and Equipment
Voltage Identification

Attendance at this seminar qualifies the MIIA member for .5% credit under the FY19 Workers Compensation category.
