LIMITED TO 25 ATTENDEES

This 4.0 Contact Hour (0.4 CEU) classroom based instructor led training meets the Massachusetts Department of Public Safety continuing education training requirement for a Class 2A Hoisting License and will cover: Regulations Governing Operation (MGL, CMR, OSHA), Machine Principles (diesel engines, power trains, mechanical, electric and hydraulic systems), Machine Operating Techniques (hand signaling and machine functions, loading: bucket positioning, power train and throttle considerations, approach and loading techniques, stockpiling techniques; trenching and excavation, job planning, machine positioning, digging techniques, backfilling and grading), and Special Safety Considerations

LOCATION

Woburn

PRESENTER

**The New England
Waterworks
Association(NEWWA)**

David Boone has been a member of the New England Water Works Association (NEWWA) faculty for the past five years and also serves on the University of Texas, Arlington Faculty. He has extensive experience in all facets of safety and heavy equipment operator training and is a veteran of the U.S. Navy Seabees.

David holds a wide range of professional licenses and certifications

(mounting/dismounting, traveling, bucket and blade positioning, grading techniques, excavating techniques, backfilling, utilities, notification, emergency procedures, transporting).

PLEASE NOTE THIS IS TRAINING FOR THOSE WHO ALREADY POSSESS A 2A HOISTING LICENSE, THIS IS FOR LICENSE RENEWAL PURPOSES ONLY.

Attendance at this seminar qualifies the MIIA member for 1% credit under the FY16 MIIA Rewards Workers Compensation or General Liability category.

including OSHA Safety, Health, and Environmental Professional (SHEP). He also has extensive experience in training public sector professionals and extensive work experience in the construction industry.

Ted Kenney, Deputy Executive Director of the New England Water Works Association, will also assist in the training.
