PRESENTER

Cranes Safety Institute

Randy Purser -
Trainer

Randy Purser is experienced in planning and implementation of safety programs in compliance with current OSHA and Air Force guidelines. He has 5 years experience as a Safety and Occupational Health Specialist and 5 years as a vehicle control monitor. He has trained and supervised employees in on-the-job procedures and the use of safety equipment, investigated employee and equipment mishaps, and developed safety training to avoid future incidents.

Proper equipment setup
Jobsite safety
Component recognition
Introduction to Hydraulic Theory
Inspection Parameters

He has over 20 years of experience as an Engineering Equipment Operator and was a site safety consultant for Hurricane Katrina.

Attendance at this seminar qualifies the MIIA member for .5% credit under the FY16 MIIA Rewards Workers Compensation category.
