Job Safety Analysis (JSA) Development and Implementation

Virtual Training

Thursday, March 16, 2023

10:00 a.m. to 12.00 p.m

Must remain on camera to receive training/rewards credit

A job safety analysis (JSA) is a technique focusing on job tasks as a way to identify hazards and appropriate prevention and protection controls for the worker. It focuses on the relationship between the worker, the task, the tools, and the work environment.
