Speaker: Mary Dozois, Department of Labor Standards

Objectives:

Outline Manager and Supervisor responsibilities for injury prevention: Planning, Preventive Maintenance, Supervision, Training

Provide focus areas for specific departments: Public Works, School, Fire

Explain top OSHA requirements and what DLS looks for at your department

Speaker BIO

Mary Dozois is the program supervisor of the Workplace Safety Program for Public Employees at the Massachusetts Department of Labor Standards. Her goal is to help municipal and state agencies prevent work-related injury and illness. Mary supervises a group of 10 inspectors who conduct accident investigations and planned random inspections. She has more than 25 years' experience in occupational safety, and holds certification as a certified industrial hygienist and a certified safety professional.

After registering, you will receive a confirmation email containing information about joining the webinar.
