Since the current pandemic has caused so many municipal workers to work from home at least part-time, MIIA members have been eager to take advantage of LocalGovU, MIIA's e-learning platform. On May 12th, Ren Heitman, MIIA's LocalGovU customer service representative, will take us on a virtual tour of MIIA's e-Learning Platform. The platform offers hundreds of online trainings which cover a range of topics from OSHA courses and Law Enforcement to Human Resources. MIIA members can designate administrators who are able to add users, assign trainings and track training progress and many of the courses are eligible

for MIIA Rewards credits. Ren will take a look at the virtual platform from both the administrator side and the training participant.

We hope you will be able to join us for this informative webinar!
