## OSHA 10 - TWO DAY TRAINING

The New England Consortium (TNEC)

**The New England Consortium**

**The New England Consortium**

April 12th & 13th  
Wednesday and Thursday  
8:00 a.m. to 3:00 p.m.

Daniel L. Joyce Middle School 55 Locust Street, Woburn MA  
(Registration/coffee and pastries 7:45 a.m.  
light lunch included  
10 TCH

The New England Consortium has partnered with MIIA to lead this comprehensive 10-hour training, which emphasizes hazard identification, avoidance, control and prevention in the construction industry. Training is based on various topics in OSHA's Construction Industry Regulations.

The OSHA 10 Construction class is an "awareness" class not a detailed, exhaustive review of OSHA regulations. Participants will engage in small group activities and discussion as well as a review of photos and videos. This 10-hour training will provide a general overview of OSHA and include the following topics:

- Value of Safety and Health

## RESOURCES

[THE NEW ENGLAND  
CONSORTIUM](#)

### PRESENTERS

**Bridget McGuiness**  
previously worked for EPA as  
an environmental engineer and  
has a BS in civil engineering  
and numerous Massachusetts  
licenses and certifications

**Tom Estabrook** worked for 20  
years with labor, environmental  
and health organizations as an  
advocate for worker health and  
safety in MA and Louisiana. He
