Smart Maintenance for Massachusetts Schools: Mold Prevention and Capital Planning Amid Tariff Impacts

Overview:

Join us for a focused webinar designed for Massachusetts public school administrators, facilities managers, and custodial teams. This session will cover effective cleaning practices to prevent mold growth and provide a brief update on how recent U.S. tariffs are impacting construction materials and capital planning.

Key Takeaways:

- Mold Prevention Through Cleaning:
- Learn best practices for routine cleaning and moisture control to prevent mold in school facilities. Topics include identifying moisture sources, proper cleaning techniques, and maintenance schedules to ensure a healthy indoor environment.
- Impact of U.S. Tariffs on Construction Materials:
- Understand how recent tariffs on imported construction materials like steel, aluminum, and lumber are affecting costs and project planning. Gain insights into strategies for budgeting and sourcing to mitigate these impacts on school capital projects.

Who Should Attend:

- School and district administrators
- Facilities and maintenance personnel
- Custodial staff
