

Risk Management Grant

July 24, 2025

Dear Members,

We're happy to announce that the FY26 MIIA Risk Management Online Grant Application is now available. Now is a good time to explore grant options that best support your loss experience and exposures. As in prior years, members will review their grant submissions with their Risk Manager for approval.

[Click Here for FY26 MIIA Grant Program Overview](#)

As a competitive grant program, consideration will first be given to high-priority areas of program-wide risk, such as Property/Facilities Management, Employee Health and Safety and Cybersecurity as well as focus areas identified on individual member's Action or Service Plan.

We will review submissions on a bi-weekly basis starting August 4. The grant program will close once the FY26 funding of \$1M is reached.

To submit your online application, please follow these steps:

1. Visit www.emiia.org Click on the Risk Management Programs & Resources-> select Grants->Grant Application to begin the application. Once you start the application, you will receive a link so that you can return and complete it. Please do not start a new grant application.
2. Upload vendor estimates and click the button to send the grant application to your Chief Municipal Officer and Chief Procurement Officer for signatures via the online system. You will be automatically notified once these signatures have been added, so that you can click the red button to submit your grant application.
3. We'll send you an email with a copy of your completed grant for your records.

If you have any questions, please contact your MIIA Risk Manager or Lin Chabra, Risk Management Manager at 617-838-5941.
